

SCHOOL BUS NEWS

Where did the first month of school go? We are very pleased to be welcoming you all back for another school year and hope that everyone enjoyed the longer summer break. We welcome all new students, parents & staff and wish everyone a safe and successful school year!

ALLERGY ALERT!

Buses transport students with food allergy restrictions and it is critical that everyone is compliant to make sure that buses are kept clean & food free to minimize anyone at risk.

Food allergies can be life threatening. The risk of accidental exposure to foods can be reduced if we all work together to minimize risk and take measures to provide a safe environment for food-allergic students.

NATIONAL SCHOOL BUS SAFETY WEEK

During the week of **October 22-26, 2018** area schools will be scheduled to receive training on how to properly ride a bus, safety measures of getting on/off a bus and how to properly execute the evacuation process in the unfortunate event that a bus is in an accident that would require this process.

FUN FACT:
During the first two weeks of school this year our office had over 300 student transportation changes. We **thank everyone** for your patience during this extremely busy time!

BUSES ARE A 100% BULLY FREE ZONE!

Our school buses are considered an extension of the classroom and students are expected to behave in the same manner as they would in their classroom. If your student(s) is a victim of bullying it should be reported directly to their school Principal immediately so action can be taken.

Be aware of your student(s) bus ID

Buses experience delays & cancellations throughout the entire school year, not just during inclement weather. It is important you know the bus ID for the AM & PM as they may be different. Unsure? Give us a call or stop in to their respective school to obtain this information!
